BURSAR RAND RESIGNS.

A Great Loss to the Student Body.
Details.

Many will be surprised at the announcement of the Bursar's resignation. It is not known what brought Mr. Rand to make such a decision, but it is believed that it was brought about by a "brain storm." This mental attack was

FIELD CROWDED.

Warm Weather Brings out Track and Baseball Men.

Taking their cue from the birds the track and baseball men swarmed out to the field, Friday afternoon. Over 100 men got in practice either on the diamond, track, or field.

On the track there were numerous new candidates for the relay team. Moreland, formerly of Johns Hopkins, was one of the promising men that appeared. He has out-lived the one year residence rule. There was a good squad of weight men.

On Thursday there were only a few on the track on account of the early showers.

In the competition among the Freshmen for the position of assistant manager of the track team the following have reported to Asst. Manager Keeney: B. Reynolds, B. Jones, D. C. MacMurtrie, J. Avery. More men are needed.

PRESENT GOVERNMENT POOR

Moorfield Story at Kommers Says This Condition Due to Lack of Interest.

That a government in which the men holding office are frightened by public opinion is a poor one and that this is just the kind of government that the United States has today, were the statements made by Moorfield Story at the Kommers Saturday evening.

"It rests with the young men of the country," said Mr. Moorfield, "to alter this condition. I don't mean to ask you to go into politics for a profession. It is a very poor profession. But every citizen should know something about our system of government."

UP AND DOWN HILL.

The hares led the hounds a hilly chase from the Waban School to Riverside, Saturday afternoon, in the regular week-end run. The principal of the Waban School showed great courtesy to the Tech men.

The hares were: H. Allen, '08, and R. W. Ferris, '08. M. E. MacGregor, '07, and R. J. Batchelder, '08, were first at the bags. The first three men at final were: H. H. Howland, '08; L. O. Mills, '10; B. C. Huber, '10. Time for hares, 47 min. 40 sec.; for hounds, 52 min. 40 sec.

HARD SEASON FOR TEAM.

Little Opportunity for Practice and no Interest in Student Body Hurts Chances for Victories.

Owing to lack of facilities for practice, a general disinterestedness on the part of the student body and mishaps to members of the team, the basketball season of '06-'07 was not very successful.

The percentage of games won was small, but in many of the games Tech's opponents won out by only a few points. Tech scored 302 points to 392 for opponents. Out of the 17 games played only three were won.

The season opened with a large squad, but as soon as track work started, with the gym classes on the floor, there was little opportunity for basketball practice. Better arrangements have been made for next year.

Lack of interest on the part of the students affected the work of the team. Home games were attended by a very small number of Tech men. The attendance at the home games contrasted sharply with the turnouts at other colleges.

OFFICERS ELECTED.

The Newton High School Club at a meeting Friday noon, in 26 Rogers, elected officers and discussed the annual dinner. The new officers are: President, G. S. Gould, '07; Vice-President, K. G. Chipman, '08; Secretary-Treasurer, H. E. Whitaker, '09. The dinner will be held two weeks after Junior Week.

FRESHMEN BEATEN.

The Juniors trimmed the Freshmen at baseball by the top-heavy score of 9 to 1 Saturday afternoon at the Field.

Line-up: 1908—Bridgeman, Pritchard, p; Williams, c; Myers, 1b; Stanley, Schneider, 2b; Ford, 3b; Barton, ss; Pierce, Van Inwegen, lf; Boylston, Heilman, cf; Thurlow, rf.

1910—Hurley, p; Loutit, c; Green, 1b; C. Jones, 2b; Billings, 3b; R. Jones, ss; Arkell, rf; Davis, Chase, cf; Tripp, lf.

Score by innings:

1908—2 3 0 0 3 1 0—9

1910—0 0 0 0 1 0 0—1

Runs made by:

Bridgeman, Myers, Boylston, Daley, Williams, Ford, Heilman, Barton 2, for 1908. Arkell, for 1910.

DATE FIXED FOR PRIZE DRILL.

The annual Prize Drill of the M. I. T. Corps of Cadets will be held on the evening of May 17 instead of on the afternoon of May 22. If held on this date there will be no drill on the following Wednesday. Owing to the added cost of lighting the hall each member of the battalion will be taxed fifteen cents. All are requested by the committee to bring that amount next Wednesday.

THE TECH regrets to announce the resignation of Mr. A. G. Kellogg, 1909, from the Board of Editors.

The calm and quiet which marked the meetings of the 1909 *Technique* electoral committee, and the celerity with which the editorial board was picked is to be greatly commended. It is indeed better for the book that internal class strife be not aroused over the selection of the men who are to be responsible in this task of publication. The advantages of having the board chosen so early are self-evident. Anyone who has had any experience on previous *Techniques* know the rush just before going to press, this rush including both the editorial and business departments.

Universal comment since the announcement of the elections is that the 1909 board is a good one. In all departments are men who have had experience with such work, men who represent almost every type of man in the class, and are known throughout the school as hustlers.

An innovation just instituted by the track manager, that of selecting assistant managers for the team from the Freshman class, is a good one, and is sure to bring results. Not only will the present manager have a splendid chance to look over material, but the men who come out will have an opportunity to become acquainted with the work connected with the position. The competition for the place is now on, and every man who has ever been interested in such work should come out.

I am glad to see that Tech is stepping further into the athletic world than ever in sending a team to the Penn relay carnival in April. While the very character of the Institute is such that a great amount of participation in inter-collegiate athletics is an impossibility, there are, nevertheless, chances for a little broader scope than the present. Track athletics offer a chance for individual exer-

cise to a greater extent than most of the major college sports, and this is what Tech men need, the incentive to win acting also as the incentive to the right sort of physical relaxation from the hard course of studies. I wish the team all sorts of success.—“Old Grad.” *Boston Herald*

WHITAKER'S LAST TALK.

Mr. M. C. Whitaker, General Superintendent of the Welsbach Company, closed his series of talks on Chemical Manufacture Friday afternoon with a discussion of the relations between employer and employee.

Mr. Whitaker divided the organization of a manufacturing plant into three natural divisions;—the executive or supervising part, the middle, or non-productive, class, and the distinctly productive part comprising the machinists, carpenters, box makers and common laborers.

TECH MEN LEAVE SUGAR TRUST.

Charles Francis Underhill, '04, Course X, of Dorchester, has been appointed chief chemist for the California and Hawaiian Sugar Refining Company. Mr. Underhill left Boston on Tuesday for Crockett, Cal., where he will assume his new duties under Supt. George F. Ulmer, another Tech man of the class of 1898. For the past two years both men have been with Arbuckle Brothers, Brooklyn, the second largest refiners of sugar in the world; Mr. Ulmer as chief chemist, and Mr. Underhill as assistant chemist.

REPRESENTING

HAPGOODS

Owing to a mistake on the part of our home office advertising department, it was announced in Friday's TECH that we would be at the Commonwealth Hotel. We are stopping at the PARKER HOUSE, and want to have a personal talk with every 1907 TECH man who will be in the market for a good position in business, teaching, or technical work on or after June 1st. If you will call and see us at the Parker House April 1 to April 16, inclusive (morning, afternoon or evening), we can tell you frankly what the prospects are of securing the sort of position you want. Opportunities for young college men in all lines of work in the United States and foreign countries. It will pay you, we are sure, to see us before deciding definitely what to do after graduation.

by the Harvard Mining Club to attend a meeting at the Harvard Union, Friday, April 5th.

Dr. E. D. Peters of Harvard will speak on "Optioning of Mines and the Formation of Mining Companies." An informal smoker and beer party will enliven the evening. All members going will meet at 7.30 Friday on Rogers steps.

Attention is called again to Prof. R. H. Richards' talk on Tuesday, April 9, at 7.30 P.M., at the Union.

CADETS LOSE SHOOT.

The Rifle Club defeated a picked team from the M. I. T. Corps of Cadets, each team comprising ten men, by a score of 322 to 300. All shooting was at 200 yards.

ONLY A WEEK MORE AT THE PARK.

Hattie Williams is not to be a permanent resident of Boston, although her stage success in "The Little Cherub" might well warrant it, but the tour must be played through as booked, and although Boston has had one extension it can have no more. Therefore the stay here must close next Saturday night, and the jolly musical comedy from London will move on to new triumphs, but none so universal, it is certain, as that which has prevailed here in Boston.

GOOD PLACES FOR TECH MEN.

Want a good position to be open in the early summer or fall? See Hapgood's men at the Parker House today.

JOE WEBER'S STAY LIMITED.

Joe Weber and his all-star company have been made to feel decidedly at home at the Colonial Theatre, but their stay here is limited, and Easter week must be their last in Boston. The bill is a double triumph, for "Dream City" and "The Magic Knight" form a perfect contrast, and exhibit all the drollery that is possible in the field of travesty. Mr. Weber has brought together a strong cast of notabilities, while America's most fascinating chorus is constantly in evidence.

POSITIONS FOR EVERYBODY.

Call at the Parker House today for interview with Hapgood's men if you want a good position in business, teaching and technical work.

GILLETTE AT THE HOLLIS.

William Gillette will have only two more weeks of his engagement at the Hollis Street Theatre, where the patronage is just as great as ever, and then local playgoers will say farewell to the play forever so far as Mr. Gillette is concerned. He is to star in a new piece next season, while Marie Doro will be the star of "The Morals of Marcus." Therefore the final fortnight at the Hollis Street Theatre is of unusual importance to the lovers of the American drama.
